## Service description

This is a high-speed internet service which is delivered using broadband technology over your standard copper telephone line (Telstra ADSL/ADSL2+). When the nbn™ network is available in your area, you agree Dodo will transition your service/s to the nbn™ network as soon as we are reasonably able to do so.

Dodo acts as a reseller of Telstra fixed line and DSL broadband services. Dodo is responsible in supplying these services to our customers and we have no other affiliation or relationship with our wholesalers outside of our wholesale agreements.

Before we change your access type, we may contact you to let you know and confirm any further details we require for the transition or transition you automatically. You must reasonably cooperate with us to transition your services to the NBN™. If you do not provide information, or reasonable assistance to us, we may not be able to provide you your service. Once upgraded, you may not be able to return to your previous service. Where additional work is required to transition your services (such as nonstandard installation) to the NBN™ you may be charged an additional fee, however only where we have agreed this with you beforehand.

## Service availability

The service is not available in all areas and the service speed you experience depends on several factors, including your equipment, the quality and location of your line, and the applications that you are using. Wherever possible, we will attempt to provision the service on the highest possible speed.

## Minimum contract term

1/12/24 Months

## Moving home

If you relocate, dodo may not be able to provide you with the same offer and you may incur relocation and/or cancellation charges.

## Hardware

\$0 upfront (on a 24 or 12 month plan) or \$109 upfront

(on a month to month plan). The supplied modem must be returned if your service is cancelled. A nonreturn fee (\$109) applies 30 days after cancellation if not returned. See website for current charges.

Modem may be refurbished. \$24.90 Postage & Handling fees may apply. The nbn connection box remains the property of nbn™ co.

## Payment options

You can pay your service by direct debit from either your credit card or your bank account and no additional fees apply. Monthly fees in advance and usage charges incurred during the month are debited 7 days after bill issue.
